

## EC asks CEO to take action on Jharkhand BJP's video

**Press Trust of India**  
NEW DELHI

Taking a serious note of complaints from the Congress and the Jharkhand Mukti Morcha against a "misleading and malicious" video posted by the BJP in Jharkhand on social media platforms, the Election Commission on Sunday directed the State's Chief Electoral Officer to direct the party to take down the post.

It has sought an explanation from the BJP for the alleged violation of the provisions of the model code of conduct by posting the video.

The Chief Electoral Officer has been directed to immediately take action in the matter and get the objectionable posts removed from social media platforms expeditiously in coordination with the designated authority in the state under the IT Act.

The JMM and Congress, in their complaint to the poll panel on Sunday, objected to the "misleading and divisive" video. The complaint said the video was rife with baseless allegations and falsehoods to unduly influence voters by creating a feeling of hatred and enmity against the JMM and its leaders.

## EC admits to data errors in J'khand polls

**Ranchi:** EC acknowledged on Sunday errors in the election data released for the ongoing Jharkhand assembly elections, calling them "typographical errors."

The mistakes pertained to polling station details, electorate figures, and demographic data for various constituencies during the first phase of the elections held on Nov 13 and the upcoming second on Nov 20. Upon discovery, the CEO's office admitted to the

errors, attributing them to clerical mistakes and asserting that corrected figures released on Oct 17 and 22 were accurate. A statement from the EC media cell apologised for the errors and assured that the corrected data for the first and second phases of the elections were error-free.

JMM spokesperson Supriyo Bhattacharya said: "We have lost faith in the commission and are worried if they are handling things properly." In contrast, BJP downplayed the errors as clerical.

## Cong moves EC over BJP's 'communal' J'khand drive

New Delhi, Nov. 17: The Congress on Sunday lodged a complaint with the Election Commission (EC) seeking stern action against the BJP for allegedly continuing its "communal and divisive" campaign in Jharkhand, days before the second and final phase of Assembly elections scheduled in the state on November 20.

In the complaint registered with the poll panel, the second in a week, Congress general secretary (communications) Jairam Ramesh accused Jharkhand BJP of spreading "false and misleading" information on social media.

He also alleged that the Bharatiya Janata Party was indulging in such a divisive campaign despite the registration of a criminal case in this regard.

Sharing the complaint in a post on X, Mr Ramesh said it was the party's second complaint to the ECI against "BJP's false, misleading, and communal" social media posts uploaded on the party's official Facebook and X handles.

"Despite the registration of a criminal case, the BJP has not taken down its earlier social media posts. They are clearly continuing with their communal and divisive campaign in Jharkhand with impunity," the Congress leader alleged. — PTI
