Chapter I

INTRODUCTION

Elections make a fundamental contribution to democratic Governance. Because direct democracy — a form of Government in which political decisions are made directly by the entire body of qualified citizens — is impractical in most modern societies, democratic Government must be conducted through representatives. Elections enable voters to elect leaders and to hold them accountable for their performance in office. The periodic elections helps to solve the problem of succession in leadership and thus contributes to the continuation of democracy.

Elections also reinforce the stability and legitimacy of the political community. Like national holidays commemorating common experiences, elections link citizens to each other and thereby confirm the viability of the polity. As a result, elections help to facilitate social and political integration.

Finally, elections serve a self-actualizing purpose by confirming the worth and dignity of individual citizens as human beings. Participation in an election serves to reinforce the voter's self-esteem and self-respect. Voting gives people an opportunity to have their say and through expressing partisanship, to satisfy their need to feel a sense of belonging. For precisely these reasons, the long battle for the right to vote and the demand for equality in electoral participation can be viewed as the manifestation of a profound human craving for personal fulfilment.

The Election Commission of India, abbreviated as ECI established on January 25, 1950 is a constitutional body responsible for administering elections in India according to the provisions in the Constitution of India. The major aim of Election Commission of India is to define and control the process for elections conducted at various levels, Parliament, State Legislatures, and the offices of the President and Vice-President of India.

According to Article 324 of Indian Constitution, the Election Commission of India has superintendence, direction and control of the entire process for conduct of elections to Parliament and Legislature (State Legislative Assembly & State Legislative Council) of every State and to the offices of President and Vice-President of India.

It acts as the guardian of Indian Democracy ensuring that the voice of every citizen is heard. ECI, being an autonomous body, has been insulated from political pressures and executive influence. Since Independence, as many as 17 Lok Sabhas have been formed through conduct of elections. The methodology of election is through adult franchise, whereby every citizen of India over 18 years of age is an eligible voter in the eyes of the Constitution.

The first General Election in India, also the first to be held on the basis of adult franchise, to elect the first House of the People was held in 1951-52. This was a simultaneous election for the Lok Sabha and all the State Legislative Assemblies. The second General Election held in 1957 was also a

simultaneous election. From the third General Election in 1962 onwards, elections to the Lok Sabha gradually went out of step with the elections to the State Assemblies.

In Tamil Nadu, simultaneous elections were held till 1971 (i.e., the fifth General Elections). From the sixth General Elections held in 1977, the elections to the Lok Sabha did not synchronize with the elections to the State Legislative Assembly in Tamil Nadu. In 2019 elections to the Constitution of 17th House of People, was held as General Elections to Lok Sabha in April, 2019 along with Bye elections to certain Assembly Constituencies. The following table gives the information about the year of conduct of General Elections to Lok Sabha, the electorate size and the poll percentage in Tamil Nadu :

1.5 Though the General Elections to the 17th Lok Sabha, 2019 were held in 7 phases in the country during April – May, 2019, in Tamil Nadu, the elections was in a single phase, i.e. in the 2nd phase, on 18th April, 2019. Immediately on the announcement of the elections by the Election Commission of India on 10th March 2019, the Model Code of Conduct came into force. The official Notification for conduct of elections in Tamil Nadu was issued on 19th March, 2019 and the same was republished in an extra-ordinary issue of the Tamil Nadu Government Gazette.

1.6 The constant thrust on the enrollment of all eligible voters in the electoral rolls by SVEEP programs led to considerable increase in the electorate from 5,82,01,687 at the time of General Elections to Tamil Nadu Legislative Assembly, 2016 to 5,98,75,402 during the General Elections to Lok Sabha 2019. 1713 polling stations were newly formed to facilitate the electors for their greater participation in electoral process. Totally, there were 67,720 polling stations set up in 30,109 Locations and 1,17,871 Ballot Units, 67,720 Control Units and 67,720 VVPAT of M-3 BEL make machines were utilized. Polling personnel numbering 3,32,782 were deployed for poll duty.

1.7 Various political parties (recognized, national and state parties as well as unrecognized and registered parties) fielded their official candidates. A number of Independents also filed nomination papers. Totally 822 candidates were in the fray against 845 during 2014 Lok Sabha elections which constitutes nearly 2.7% decrease in the number of contestants in the General Elections to Lok Sabha held in 2019 in Tamil Nadu. Maximum number of contestants was 42 from 23. Karur Parliamentary Constituency, while 19. Nilgiris Parliamentary Constituency had the minimum number viz., 11.

1.8 ECI ordered for deployment of 160 companies of CAPF for ensuring conduct of peaceful, free and fair elections. This was in addition to 1,13,006 State police and 51,197 non-police personnel such as ex-servicemen, retired policemen, Home Guards, Fire Service, Forest Service, NSS, Youth Brigade etc. Totally around 1.7 lakh men were deployed for security.

1.9 One of the new initiatives taken during this election was the implementation of an expanded and comprehensive structure of expenditure monitoring mechanism to curb money power. The Election Commission of India wanted to ensure that the illegal use of money does not play a decisive role affecting the electoral process in the State. 702 Flying Squads and 702 Static Surveillance Squads were deployed for effective implementation of MCC and special emphasis to seize the money meant for bribing the voters. In addition 234 Assistant Expenditure Observers, 234 Video Surveillance Teams, 234 Video Viewing Teams, and 39 Accounting Teams were also formed to effectively monitor the legal expenditure of the candidates. Central Police Force was also extensively deployed in expenditure control.

1.10 Effective implementation of the Systematic Voters' Education and Electoral Participation (SVEEP) Programme increased the awareness among public, especially urban people and youth, not only for enrolling themselves but also for exercising their franchise fairly and without fear. As a result, out of the total electorate of 5,98,75,402 Crores at the time of elections, 4,33,89,353

Crore electors turned up for casting their votes during the General Elections to Lok Sabha in 2019. The percentage of poll for the whole of the State was 72.13% against 73.74% recorded during the previous Lok Sabha Elections held in 2014.

1.11 The conduct of General Elections to Lok Sabha, 2019 and Bye Elections to TNLA 2019 went on in Tamil Nadu peacefully without any major incident in 38 Parliamentary Constituencies and 22 Assembly Constituencies. Counting of votes was taken up on 23rd May, 2019 in 45 Counting Centres. "Due Constitution" Notification under Section 73 of the Representation of the People Act, 1951 for the seventeenth Lok Sabha was published on 25th May 2019 by the Election Commission of India. The Model Code of Conduct announced by the Election Commission of India has ceased to be in operation with effect from 25.05.2019.

2.4.1 As per the provisions of the Section 22 and 23 of the Representation of the People Act, 1950 read with rule 26 of the Registration of Electors Rules 1960, updation of the Electoral Rolls can take place up to the last date for filing nominations.

2.4.2 However, the Election Commission of India had clarified that it is not necessary to dispose off all the applications filed up to the last date for filing nominations and include them in the Supplement. To comply with the legal requirements of sub-rule (3) & (4) of rule 26 of Registration of Electors Rules 1960, as also for administrative reasons, only the form 6 received till **ten days before the last date for filing nominations** i.e. 16.03.2019 can be disposed of. All applications received thereafter were processed only after the General Elections to Lok Sabha and Bye election to TNLA, 2019.

Constituency-wise details are given in Format 4B in **Annexure 2.1**. (This figure does not include service voters)

2.5 Booth Level Officers (BLOs)

2.5.1 As per the instructions of Election Commission of India, one Booth Level Officer (BLO) for each Part of the Electoral Roll was appointed throughout the State. The Booth Level Officers are responsible for maintaining up-to-date electoral rolls. The concept of error-free electoral rolls solely depends on the Booth Level Officers as they are the ones who verify the eligible voters for inclusion, dead and shifted voters for deletion in the electoral rolls after following the prescribed procedures properly. Maximization of the EPIC coverage is also a part of their duty. Generally, regular Government servants are engaged as BLOs, however in some places retired Government servants are also appointed as BLOs. They are given an honorarium for discharging their duties and responsibilities. The total number of BLOs appointed were **67669 for the 67664 parts** (including 5 cantonment BLOs). The district-wise details of BLOs appointed during the General Elections to Lok Sabha & Bye-Elections to Tamil Nadu Legislative Assembly, 2019 are given in **Annexure 2.2**.

2.6 Booth Level Agents (BLAs)

2.6.1 For the active participation of the political parties in the electoral roll revision process, ECI insisted the political parties to appoint Booth Level Agents for each polling station, so that they can coordinate with the BLOs in identifying the eligible, shifted & dead electors on field and enable the updation of electoral rolls. During the revision period, the District Election Officers were directed to conduct two meetings between the BLOs and BLAs in the month of December, 2018. The details of BLAs are given in **Annexure 2.3**

2.7 Analysis of health of electoral rolls

2.7.1 The basic need for the conduct of free and fair elections is a clean and error-free Electoral Roll. One of the ways to assess the correctness of the rolls is to analyze certain indicators such as the Elector-Population ratio, Gender ratio and Age-cohort ratios. To analyze the health of Electoral Rolls, the Election Commission of India had prescribed certain Formats since the Summary Revision of 2008. This includes comparison of the electorate strength and sex ratio with that of the projected population (male & female) not only with the total in 18+ age-group but also age cohort-wise. The status of EPIC coverage as well as images in the Electoral Rolls is also covered in one of the Formats.

2.7.2 District and Assembly Constituency-wise details of gender ratio are given in **Annexure 2.4** (Format 1B).

2.7.3 The District/Assembly Constituency-wise details of Electors-Population ratio are given in **Annexure 2.5** (Format 2B).

2.7.4 The District / Assembly Constituency-wise and Age-cohort wise details are given in **Annexure 2.6** (Format 3 and 3A).

2.7.5 There was 100% photo coverage in the Photo Electoral Rolls and the EPIC coverage ratio was also 100%. Assembly Constituency-wise details are given in **Annexure 2.7** (Format 5B), **2.8** (Format 5C) and **2.9** (Format 5D).

2.7.6 The total number of service electors was 66112. The Assembly Constituency-wise details are given in **Annexure 2.10** (Format 7).

2.8 Roll Observers

2.8.1 To monitor the implementation of various guidelines given by Election Commission of India in the field level, the Election Commission of India had appointed 10 Roll Observers on a zonal basis in the State. The Roll Observers also gave their valuable inputs and coordinated with the District Election Officers for preparation of defect-free Rolls. The Chief Electoral Officer briefed them about the latest instructions of the Commission regarding the BLOs, the BLAs and the Roll Revision process and other allied activities. Following were the Roll Observers and the districts allotted to each:

Chapter 3

POLLING STATIONS

3.1 Setting up of Polling Stations

3.1.1 Section 25 of the Representation of the People Act, 1951, envisages provision of sufficient number of polling stations by the District Election Officer (DEO), for every Constituency, the whole or greater part of which lies in his/her jurisdiction. Polling Stations are provided for clearly demarcated polling areas, covering a specified locality in urban areas or a village in rural areas. Polling Stations are usually located in places/ buildings used normally for other purposes such as Schools, Government Offices, etc. Normally, a polling station would be having a well-defined polling area, covering not more than 1,500 electors. However, the Commission's stand is to provide a polling station for every village having more than 300 voters, provided there is a suitable building for it. Polling stations should be set up in such a manner that ordinarily no voter is required to travel more than 2 kilometres for casting vote.

3.1.2 The need for setting up of auxiliary polling stations arises at the time of elections when the number of electors exceeds the limit prescribed by the Election Commission of India. The Commission had also mandated that the auxiliary polling station shall be located in the same building or in the premises of the original polling station and it shall have the same serial number as that of the original polling station.

3.2 Rationalization of Polling Stations / Parts before the draft publication under Special Summary Revision of Electoral Rolls of intensive nature, 2019

3.2.1 As a pre-revision activity, the Election Commission had directed that prior to the Special Summary Revision of Electoral Rolls of intensive nature, the exercise of rationalization of polling stations is to be taken up. Accordingly, the DEOs were requested to send the proposals for re-organization of Parts / Polling Stations. The proposals, after due publicity in the local areas and consultation with political parties, were sent to the office of the CEO by the District Election Officers. These proposals included creation/merger/ realignment of parts, change of location of polling stations, and change of nomenclature of polling station buildings. After scrutiny, the proposals were recommended to the Election Commission of India. The Commission approved all the proposals. As a result of this rationalization, the total number of polling stations increased from 65974 to 67664.

3.3 Modifications to the list of Polling Stations before the General Elections to General Elections to Lok Sabha & Bye-Elections to Tamil Nadu Legislative Assembly, 2019

3.3.1 There was an upsurge in the number of electors in some of the Polling Stations of each Assembly Segment owing to the inclusion of new electors during the Special Summary Revision of Electoral Rolls of intensive nature, 2019 and the Continuous Updation upto the last

date of filing of nominations of the General Elections to Lok Sabha and Bye Elections to the Tamil Nadu Legislative Assembly, 2019. Wherever the number of electors exceeded the norms, the DEOs were requested to set up auxiliary Polling Stations, since conducting elections at these polling stations with number of voters more than the norms would lead to delay and disturbance. Also bad condition of certain existing Polling Stations necessitated changes of buildings housing those polling stations. The existing polling stations were relocated to the available new buildings within the same campus. Further, change of nomenclature of the location of the polling stations became necessary consequent on the upgradation / downgradation of the schools wherein Polling Stations were located. Accordingly, the District Election Officers were requested to examine the list of polling stations on the above aspects and send proposals for changes, wherever required. The Election Commission of India accorded approval for all such proposed changes before the conduct of the General Elections to Lok Sabha and Bye Elections to the Tamil Nadu Legislative Assembly, 2019. The District Election Officers were instructed to update the Control Table Data Base (CTDB) with reference to the above changes/creations and give wide publicity for the relocation of Polling Stations.

3.3.2 The details of auxiliary polling stations set up and the changes of number of polling stations approved by the Election Commission of India are as follows:

Table 3A

i.	New Auxiliary PSs set up	56
ii.	Change of location/ building of PSs	1506
iii.	Change of Nomenclature of PSs	1306

3.3.3. At the time of the General Elections to Tamil Nadu Legislative Assembly, 2016, there were **66,007** polling stations in the State. Consequent on the subsequent re-organization of the polling stations, the number of polling stations (including the auxiliary polling stations) went up to **67,720** during the General Elections to Lok Sabha & Bye-Elections to Tamil Nadu Legislative Assembly, 2019. The district wise position is set out in the **Annexure 3.1**. Of the **67,720** polling stations, **26,718** are urban polling stations, while **41,002** are rural. These polling stations are spread over **30,109** locations, with **7,825** in urban and **22,284** in rural areas.

3.4 Model Polling Stations.

4.1. The Election Commission of India encouraged setting up of model polling stations by the DEOs to enhance the voters' experience in voting process. The following infrastructure/ facilities were indicated for the Model Polling Stations:

- I. Hardware infrastructure like painting, lights, signages, furniture, toilets, etc.
- II. Queue Management
- III. Voter experience enhancement like display of "Do's and Don'ts".

3.4.2. An expenditure ceiling of Rs.6,000/- was indicated for providing shamiyana, carpet, plastic chairs, drinking water, table, chair, table cloth, painting, flower pots, flex board etc., based on the necessity of each Model Polling Station.

3.4.3. As was done during the General Elections to Tamil Nadu Legislative Assembly, 2016, the District Election Officers were requested to set up 4 model polling stations per Assembly Constituency for the General Election to Lok Sabha and Bye Election to TNLA, 2019. However, lesser number of model polling stations per Assembly Constituency were set up in some districts owing to local conditions. Thus, a total of 833 model polling stations were set up. The details of model polling stations are set out in **Annexure 3.2**.

3.5 All-Women Polling Stations

3.5.1. Based on the instructions of Election Commission of India, all DEOs were requested to identify the polling stations to be set up as All-Women Polling Stations. As per Commission's instructions, one polling station per Assembly Constituency should be an "All-Women Polling Station" which is mandatory, and if feasible more than one All-Women Polling Station can be setup. The polling personnel and security personnel deployed would be women. A total no. of 533 All Women Polling Stations were setup. Details are in **Annexure 3.3**.

3.6 APPOINTMENT OF ACCESSIBILITY OBSERVERS :

The software was developed centrally in the Chief Electoral Officer’s office. The Election Commission of India had instructed that a list of 120% of the required number of polling persons should be generated (including reserve) randomly during the first randomization. The second randomization was conducted 9-12 days before the date of poll, and during the second randomization the polling personnel were allocated Assembly Segments and polling parties were formed. The third randomization was done on P-2 (Poll Day minus 2) and the results of the randomization was kept by the Observer. appointed was disclosed to them.

CHAPTER-5

Electronic Voting Machines (EVMs) and Voter Verifiable Paper Audit Trail System (VVPAT)

5.1. Electronic Voting Machines (EVMs)

The Electronic Voting Machine (EVM) is a reliable system for conducting elections in which one candidate has to be elected out of many candidates. The EVM is designed for single post and single vote.

5.2. Basic Concept of Electronic Voting Machine

Electronic Voting Machine (EVM) is a portable instrument for conducting elections to Parliament and Legislative Assembly. The Electronic Voting Machine is a microcontroller-based instrument designed to modernize the Election process. It is simple to operate, portable and can be installed in a short period. The voter has to only press a button against the candidate of his / her choice to cast a vote. There is no scope for invalid votes and total secrecy of voting data is maintained. The EVM facilitates quick and accurate counting.

5.3. Need for Electronic Voting Machines

The Electronic Voting Machine simplifies the Election process for the benefit of both Election Officials and voters. The huge expenditure involved in printing millions of ballot papers, storing and transporting them to booths etc. is obviated by the use of EVMs. In the EVM, only one ballot paper is fixed below the transparent acrylic sheet of the Ballot Unit. EVMs can be reused in subsequent elections by simply pressing a button to erase the votes recorded in the earlier poll and changing the ballot paper in the Ballot Unit.

5.4. Voter Verifiable Paper Audit Trail system (VVPATs)

5.4.1. Voter Verifiable Paper Audit Trail (VVPAT) is an independent system attached with the Electronic Voting Machines that allows the voters to verify that their votes are cast as intended. When a vote is cast, a slip is printed containing the serial number, name and symbol of the candidate and remains exposed through a transparent window for 7 seconds. Thereafter, this printed slip automatically gets cut and falls in the sealed drop box of the VVPAT.

5.4.2. The Hon'ble Supreme Court of India in its order, dated 08.10.2013 in the Civil Appeal No.9093 of 2013, permitted the Election Commission of India to introduce VVPATs (Voter Verifiable Paper Audit Trail) in gradual stages in the general elections and further added that the area, State or actual booth(s) are to be decided by the ECI and the ECI is free to implement the same in the phased manner. Since August 2013, VVPATs are being used with EVMs continuously, in selected constituencies, as per the availability of VVPATs. In the meeting with political parties

held on 12th May 2017, the Commission announced 100% coverage of VVPATs in all future election to Lok Sabha and State Legislative Assemblies vide its letter dated. 19th September, 2017.

5.5. Allocation and Transportation of EVMs and VVPATs

5.5.1. Hence, the Election Commission directed to conduct 100% physical verification of M2 and M3 EVMs and VVPATs available in this State. Accordingly, all District Election Officers were requested to conduct physical verification of EVMs and VVPATs. After completion of physical verification, a report was sent to the Election Commission of India regarding availability of M2 and M3 EVMs and VVPATs.

5.5.2. The same was re-allocated to all the District Election Officers, Ballot Unit @ 230%, Control Unit @ 125% and VVPAT @ 135%, based on the Polling Stations. The EVMs and VVPATs were transported from the factory to the district warehouse by the Manufacturer of EVMs i.e. Bharat Electronics Limited, Bangalore.

5.5.3. The schedule for despatch of machines was received from BEL, Bangalore and the same was communicated to the Districts of this State and they had requested to depute responsible Official to M/s. BEL, Bangalore for collection of EVMs and VVPATs. Accordingly, the DEOs deputed Officials with security personnel from their District to the factory for collection of EVMs and VVPATs and also for accompanying the vehicles carrying the EVMs/VVPATs.

5.5.4. The Election Commission of India in its letter dated. 07.02.2019 had additionally allotted 8,225 M3 VVPATs to this State from M/s. Bharat Electronics Limited, Bangalore. The Commission in its letter dated. 08.02.2019 had further provided allocation of 4,950 BUs, 4,460 CUs and 8,035 VVPATs of M3 EVMs and M3 VVPATs to this State from M/s. 5.9. EVM Management System (EMS)

EVM Management System (EMS) is an application developed by ECI for managing a centralized database of EVM machines of all 36 States and UTs of India. It allows Tracking of Control Units, Balloting Units and VVPATs with their locations. This application comprises of Web based module and an android based mobile application. The entire official from ECI, Manufacturer, CEO, DEO, Warehouse in-charge, AC and PC user are the stakeholders of the application. Web-based application has all the core functionalities related to EVMs/VVPATs.

i) First Randomization

First randomization of Balloting Units (BUs), Control Units (CUs) and VVPATs was done to randomly assign EVMs & VVPATs to Assembly Segment/Constituency, training and Awareness Programmes. After completion of FLC, the DEO fixed a schedule for first randomization of EVMs. This schedule was fixed in such a manner that first randomization was completed before the start of training of polling personnel. During first randomization, CUs, BUs and VVPATs were assigned to ACs in the presence of the representatives of recognized political parties, making use of EVM Management Software, by grouping CUs/ BUs and VVPATs to match the poll day requirement including the reserve required for each constituency. Again, the surplus CUs/BUs and VVPATs were also randomly grouped and distributed AC wise for the purpose of training. The Returning Officer/Assistant Returning Officer of the constituency had taken over the charge of the CUs/BUs/VVPATs randomly allotted to his constituency. The CUs/BUs/VVPATs meant for use at polling station were separately taken to R.O's/ARO's strong room under proper escort and guarded by suitable force. The training EVMs were distributed to the relevant officers for the training purpose. The strong rooms were sealed in the presence of the representatives of political parties with their seal affixed on the lock.

ii) Second Randomization

On the day fixed for preparing the CUs/BUs/VVPATs for disposal to polling stations, the preparation of CUs/BUs/VVPATs was done invariably in the presence of the candidate or his agent or authorized representative and in the presence of observer as per the

existing instructions. After all Units had been properly prepared, the second randomization was done, to allot the CUs/ BUs/VVPATs to specific polling stations. After it was done, the PS Number was written on the boxes to which the CU/BU/VVPAT had been randomly allotted in the slot provided for it in the adhesive label. The remaining CUs/BUs/VVPATs were kept as 'Reserve' for use if needed.

iii) Deputation of Engineers by Bharat Electronics Limited:

One week before the date for the preparation of the voting machines notice in writing was given to each candidate or his election agent intimating him the place or places where the machines would be so prepared and the date and time at which such preparation would commence. Proper acknowledgement /receipt also had been obtained and kept on record. Candidate/his election agent with the number of representatives that every candidate could bring with him at the aforesaid place or places were permitted to watch the whole process of preparation of the machines in the presence of Observers and the same were video graphed.

iv) Safe preservation of prepared voting machines and supply of EVMs to polling stations

All the voting machines which had been prepared for use at the election, including the reserve machines, were kept and preserved in safe custody in a strong room under double lock which was sealed with the seal of the Returning Officer. The candidates and their agents were also permitted to put their seals on the lock and the strong room was kept fully guarded at all times.

5.10. Defective EVMs and VVPATs:

Whenever reports were received regarding BUs/CUs VVPATs found to be struck/malfunctioning/defective during poll, the concerned Zonal Parties after attending to the issues replaced the defective machines promptly wherever needed and the poll was conducted peacefully. Totally, 655 BUs, 376 CUs and 1669 VVPATs were replaced during polls. Details of defective machines reported during polls are given in **Annexure 5.3.1 and 5.3.2.**

5.10.1. The VVPATs were used with EVMs at all polling stations during the General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019. When an elector cast his vote, VVPAT prints the selection of the voter on a slip for the voter to visually verify the vote cast to satisfy himself/herself. It's a new experience for the electors of Tamil Nadu in the above elections.

5.11 EVM-VVPAT awareness:

As per the instructions of the Election Commission of India, VVPATs were used in all the constituencies in the State for the first time. Hence various measures were undertaken to familiarise the use of VVPATs among electors of all categories.

As part of this initiative, EVM-VVPAT awareness programmes were conducted at State level by the office of the Chief Electoral Officer, among various high level officials, to explain the functioning of EVM-VVPAT during General Elections. The programmes were conducted by means of demo and hands-on-experience. The details of workshops on EVM-VVPAT conducted in the State are given below.

Chapter-7

MODEL CODE OF CONDUCT

7.0.1 The objective of Model Code of Conduct (MCC) formulated by the Election Commission of India is to ensure a level playing field for all the participants so that a healthy atmosphere is created during the election campaign. Most of the provisions of the Code are based on voluntary acceptance of the principles by political parties and are not based on legal or statutory backing for implementation. Free and fair elections require implementation of Model Code of Conduct in letter and spirit statewide since the formulation of the Model Code of Conduct is based on the consultation with all the political parties. The onus lies more on the party in power which could feel that it is being excessively regulated, which is natural since it is in the best position to utilize the state apparatus to upset the level playing field. Model Code of Conduct ensures that Party in power does not enjoy any unfair advantage because of the fact of its being in office during the election process.

7.0.2 The General Elections to Lok Sabha was announced on the afternoon of 10th March 2019 and the Model Code of Conduct came into force immediately. Consequent on this, consolidated instructions / guidelines on the Model Code of Conduct and Do's and Don'ts to be followed with regard to it were prepared separately and communicated for all Political Parties namely all National Parties, State as well as Registered Parties / Secretaries to Government of all the Departments / HODs of Government / Police Officers / DEOs, etc. Secretaries to Government and representatives of the Registered Recognised Political Parties were apprised of the provisions of the Model Code of Conduct and DO's and Don'ts to be adhered during this period by the Chief Electoral Officer in a meeting organised for them separately.

7.0.3 Prevention of defacement of property occupies an important place in effective implementation of Model Code of Conduct. Tamil Nadu Open Places (Prevention of Disfigurement) Act, 1959 is the State enactment, the provisions of which were enforced strictly during the General Elections to Lok Sabha, 2019 and Bye-Elections to Tamil Nadu Legislative Assembly, 2019. Under this law advertisements / posters / hoardings are prevented both in private and public buildings in urban areas. This law does not cover the rural areas, where the instructions of Election Commission were followed, where there was total ban on posters / hoardings on public property, while on private property prior permission of the owners would have to be obtained. The provisions of ban on the use of throw away plastics as campaign material especially use of flags made up of throw away plastic has been strictly implemented.

7.0.4 Since there was a very strict adherence to the code, there were a lot of references from Secretaries / HODs / District Election Officers seeking advice / clarifications

on the Model Code of Conduct. There were requests seeking exemption from Model Code in respect of important issues made by the departments were referred to the Election Commission of India for its instructions.

In such meetings, special appeals were made to the members to co-operate in the observance of the Model Code of Conduct and to take active steps to ensure that no one, in an excessive zeal and excitement, overstepped the limits laid down by law. It was impressed upon the members that any violation of the code committed on behalf of any party or candidate could not, but create a feeling of bitterness and resentment in the minds of the other parties and candidates and their supporters. In the cases of the violation of the code brought to the notice of the Committee, which resulted in the breach of the Provisions of election law, the co-operation of local magistracy and the police in dealing with such election offences was sought. The committee also considered, apart from the model code, any matter of common interest to the members and intended to further the object of holding free and fair election from the constituency.

7.1.1 Action taken on the violations

Expenditure Monitoring Teams such as Video Surveillance Teams were tasked also to monitor the MCC violations. They were in addition to MCC teams formed in each constituency. Further, the amount was added to the election expenditure of the candidate concerned and also action was taken to prosecute the offender(s). Standing Committee meetings were conducted periodically by the District Election Officers / Returning Officers with political parties on all election related issues including enforcement of Model Code of Conduct. Local Body employees both in rural and urban areas were utilized fully in the enforcement of Model Code of Conduct and for removal of unauthorised hoardings, flex-board etc. in public places. The District Election Officers and COPs/SPs were informed

that they were personally responsible for failure to enforce the Model Code of Conduct at the District Level and for not taking action on their erring sub ordinates. POSTAL BALLOT PAPERS

11.1 Normally voters are expected to vote in person at the polling station. However, the Election Law permits certain categories of electors to vote instead, by post. Section 20 of Representation of People Act, 1950, Section 60 of Representation of People Act, 1951 and Rule 17, 18(a) & (c), 20-21, 27B of Conduct of Election Rules, 1961 entitle the following classes of electors to exercise their franchise through postal ballot:

- a) Service voters, other than those who opt for proxy voting (CSV);
- b) Other categories of electors entitled to vote by Postal Ballot.
- c) Special Voters;
- d) The wives of persons referred to in classes (a) and (b) above;
- e) Electors subject to preventive detention;
- f) Voters on election duty; and
- g) Notified voters; if any.

11.2. Election Commission of India has issued instructions from time to time for each category of postal voters so as to ensure that all such voters are able to exercise their franchise without any scope for any grievance. The updated and improved instructions were issued as comprehensive Guidelines in its Lr. No.52/2014-SDR dated 7th March 2014, based on which instructions were issued to all the District Election Officers and the Returning Officers in CEO's Letter No.1872/Elections-IX/ 2019, dated 20.03.2019.

11.3. Based on the Election Commission of India's guidelines, the Deputy Director, Government Stationery Stores, Rajaji Salai, Chennai – 600 001 supplied required number of foolscap folio sheets of white wove paper (8½"X13½") for printing of Postal Ballot papers for all the Parliamentary Constituencies and 22 Legislative Assembly Constituencies. The Director General of Police / Superintendents of Police were requested to provide adequate security at the Printing Presses where the Postal Ballot Papers had been printed by the Returning Officers concerned. The Returning Officers completed the printing of the postal ballots within 72 hours from the last hour fixed for the withdrawal of Candidature. Dispatch of Postal Ballot papers was also done immediately without any loss of time.

Supply of Postal Ballots and EDC to Polling Personnel, etc

11.4 The Returning Officer of each Parliamentary Constituency and 22 Legislative Assembly Constituencies took earnest efforts to explain to the Polling Personnel about their right to vote by post and issued Form 12 to all eligible voters. During first training class the polling personnel were educated by the Returning Officers for filling up Form 12 to apply for Postal Ballot. Separate time was allotted in the training for explaining the procedure of marking and depositing of postal ballot papers. Time was also given during the training for the personnel to fill up the Declaration in Form 13A, Verification by the Gazetted Officer, marking of postal ballot and depositing the same in the postal ballot box. The Assistant ROs were available at the training centers with copies of Electoral Rolls to enable the polling personnel to verify their names. Both Form-12 and Form 12A, printed back to back, were issued to polling personnel along with the appointment orders. They were asked to fill both and hand over the same in the 1st training. Based on the allotment of their Assembly segments, after the second randomization, the personnel who required postal ballots were given postal ballots. Each Returning Officer made arrangement in all training locations (otherwise called Facilitation Centers for the purpose of casting postal votes) in the District to receive the postal ballots at the time of second training itself by placing postal ballot boxes as per the guidelines prescribed by ECI. The Commission also directed to provide the Facilitation Centre facility at the time of third training class. The entire process of postal balloting at each facilitation center was ordered to be video-graphed.

Regarding Election Duty Certificate (EDC), the RO of each Parliamentary Constituency and Assembly Constituency also took earnest efforts to explain to the polling personnel and others involved in Election Duty about their right to vote by using EDC and issued Form 12A to all eligible voters. The RO, after he was satisfied that the applicant was such public servant and voter on election duty in the constituency, issued an Election Duty Certificate in FORM 12B to authorise the voter on election duty to vote at any polling station in the said constituency where he/she has been put on election duty on the date of poll.

11.5. Out of 4,60,703 polling personnel and others drafted for 39 Parliamentary Constituencies, after issuing Form 12 & 12A to all, 2,88,340 Nos. of Form 12 were received. After Scrutiny 2,76,604 Nos. of Postal Ballot were issued for that by Returning Officer concerned to the polling personnel and others. Similarly, 1,27,528 Nos. of Form 12A were received for which after scrutiny 1,25,786 Nos. of EDC were issued by Returning Officer concerned to the polling personnel and others (**Annexure 11.1**). Likewise, Out of 49,228 polling personnel and others drafted for 22 Assembly Constituencies, 35,997 Nos. of Form 12 were received. Similarly, 2,228 Nos. of Form 12A were received for which after scrutiny 2,228 Nos. of EDC were issued by Returning Officer concerned to the polling personnel and others (**Annexure 11.2**). Not everyone could be given postal ballots and EDC because some had to be

rejected due to reasons such as wrongly filled up Form 12, names not there in rolls, part number wrongly filled up, unsigned application, etc.

Receipt of Postal Ballots by Post

11.6 The Commission in its Letter. No.52/2014-SDR dated 07.03.2014 specified the following guidelines for receipt of postal ballots:

- i) The Chief Electoral Officer will make arrangement with the Postal Department asking it to nominate one post office for each Legislative Assembly Constituency to deliver postal ballots, to the respective RO's office, at 3.00 pm every day and at 8.00 am or such other time on the day of counting at the Counting Centre.
- ii) All recognized political parties and contesting candidates must be intimated in writing informing them to be present at the time of delivery of postal ballots by the post office concerned.

As well as rescinded General Election to the Lok Sabha from 08 Vellore PC held on 05.05.2019 and counting on 09.08.2019. Postal ballots were accepted in the interim period scrupulously following the directions of the ECI. Of the total 2,76,604 Nos. of postal ballots issued, 1,97,685 were received back, which were duly counted on the counting day.

Electronically Transmitted Postal Ballot System (ETPBS)

11.8. The ETPBS has been introduced for the first time during General Election to Lok Sabha and Bye-Election to Tamil Nadu Assembly Constituency 2019. ETPBS means Electronically Transmitted Postal Ballot System which is rolled out by ECI exclusively for the Service Personnel serving under various categories (Embassy officers outside the country, Army, Navy, Airforce,

Para Military, State Police posted outside the state etc.,) all over India. The ETPB generated in the online system was sent to the service voters through their unit record officers.

11.9 On the day of counting, ETPBs were counted along with Postal Ballots following the procedure laid down by ECI in this regard. Before the actual counting of ETPBs, the pre-counting of ETPBs were undertaken in order to ascertain the validity of the votes and to avoid any duplicate or spurious votes.

The pre counting process involves the verification of the following:

- **Form 13-C - Cover B (Outer Envelope)**
- **Form 13-A - Declaration by Elector**
- **Form 13-B - Cover A (Inner Envelope)**

The Optically Machine Readable Code (QR code) in the above forms were scanned using QR code scanner and necessary validity checks were performed. First the Outer Envelope or Form 13-C were scanned and validated. After verification of the outer envelope, a *unique serial number was recorded in the database against the code of outer envelope (Cover B) and the same was written on the Cover B.*

On opening of the outer envelope, two documents are required to be found inside.

- **The declaration by the voter in Form 13-A and**
- **Inner envelope containing the Postal Ballot Paper in Form 13-B.**

As each cover was opened, RO took out the declaration and the inner envelope, scanned, verified and then scrutinized the declaration. After reading the QR codes on the outer envelope and the documents (declaration in form 13-A and the envelope in form 13B containing the postal ballot) all these papers were placed back in the bigger envelope. After completing the QR code reading for all the envelopes, valid ETPB were taken up for counting.

An ARO is assigned to supervise the scanning of the forms and a team consisting of Counting Supervisor and Counting Assistant did the actual scanning. Each team was given a set of 500 ETPBS to be scanned and validated.

11.10 After following the above procedure, the total No. of ETPBs uploaded by the concerned RO's during the General Election to Lok Sabha and 22 Bye-Election to Assembly Constituencies 2019 were 66,510 and 8730 respectively. Out of this, 35,431 Nos. of ETPBs for 39 Parliamentary Constituencies and 1530 for 22 Assembly Constituencies were received by the concerned ROs of Tamil Nadu (**Annexure 11.3 and 11.4**).

Chapter 13

EXPENDITURE MONITORING AND ACCOUNTS

13.0.1 The Superintendence, direction and control of the preparation of Electoral Roll for and the conduct of all elections to Parliament and to the Legislature of every State and elections to the O/o President and Vice President held under this constitution shall be vested in a Commission(i.e)the Election Commission of India by virtue of Article 324 of the Constitution of India. Hence it is obligatory and incumbent on the ECI to ensure that each and every election is conducted in a free, fair, transparent and peaceful manner. Now a days, influence of money and inducements to electors continue to be major challenges in the conduct of free and fair Elections.

13.0.2 Expenditure by contesting candidates/political parties is one of the important parameters which the Election Commission has to monitor. Section 77(1) of Representation of the People Act, 1951 makes it mandatory for every candidate to the Lok Sabha or Legislative Assembly to keep a separate and correct account of all expenditure incurred or authorized by him or by his election agent, between the date on which he/she has been nominated and the date of declaration of the result, both dates inclusive. Under Section 77(2), the account shall contain such particulars as may be prescribed. Failure to maintain the account, as per ECI instructions, is an electoral offence under Section 171-I of the IPC.

13.0.3 Election expenditure by the contesting candidates can broadly be divided into two categories. The First category is the legal expenditure, which is allowed under the law for electioneering subject to it being within the permissible limit. This would include expenditure connected with campaigning, which is spent on public meetings, public rallies, posters, banners, vehicles, advertisements in print or electronic media etc. As far as second category of expenditure is concerned, it is on items which are not permitted under law and so it is obvious that it would never be reported by political parties/candidates. Expenditure in the form of distribution of money, liquor or any other item to the electors with intention to influence them or any expenditure incurred on surrogate advertisement, paid news etc., is illegal since it amounts to bribery and is an offence under the Indian Penal Code and a corrupt practice under the Representation of People Act, 1951. The Election Commission of India had fixed Rs.70.00 lakhs, as the maximum ceiling on expenditure in the case of candidates contesting for General Elections to the Lok Sabha, 2019 and fixed Rs.28.00 lakhs, as the maximum ceiling on expenditure in the case of candidates contesting for Tamil Nadu Legislative Assembly 2019.

13.1 Election Expenditure Monitoring Mechanism

13.1.1 Multi-party democracy cannot function without use of money which is essential for electioneering. However, abuse of 'money power' results in uneven level playing field, lack of fair competition etc. Hence, it must be ensured that all election expenditure on permitted items is truthfully reported and considered while scrutinizing the expenditure accounts submitted by

the candidates and for preventing candidates from incurring unlawful expenditure a robust system is required. Curbing the use of money power during election process is a very challenging job in view of its inherent complexities involved. The process requires tremendous efforts and co-operation from all stakeholders to ensure purity of elections. Since there was a general apprehension amongst various stakeholders that there might be extensive attempts towards illegal expenditure, the Election Commission came up with new Expenditure Guidelines, for the first time, in the year 2010 at the time of General Elections to Bihar Legislative Assembly with the objective of preventing the same, and to capture the total extent of legitimate expenditure. The same was fully implemented during the elections to the Legislative Assembly in Tamil Nadu in 2011, 2014 and 2016. Based on experience in subsequent parliamentary/assembly elections, the Commission updated its guidelines and released “Compendium of Instructions on Election Expenditure Monitoring-February 2019” for the General Elections to the Lok Sabha, 2019 and for the Bye Elections to Tamil Nadu Legislative Assembly 2019.

13.2 Structure of Expenditure Monitoring Mechanism.

13.2.1 As per the comprehensive guidelines of the ECI, the structure of the Expenditure Monitoring Mechanism is as follows:-

(I) Expenditure Observers:

13.2.2 Expenditure Observers are eyes and ears of the election expenditure monitoring mechanism. Senior Officials of Indian Revenue Service/Indian Customs and Central Excise services were appointed by the Election Commission of India for specified constituencies to observe the election expenses by the candidates. There was at least one Expenditure Observer for each district, with each observer ordinarily not having more than five Assembly Segments under his observation. They monitored the entire expenditure control machinery in constituencies under their control. Their job got over only after scrutinizing the expenditure statement that was filed 30 days after the declaration of result, the last date for the candidates for filing expenditure statements.

(II) Assistant Expenditure Observers :

13.2.3 Assistant Expenditure Observers in the rank of Grade-B Officers or equivalent in Income Tax / Customs/other Central Government Services working in the districts were appointed by the District Election Officers with the consent of Expenditure Observer at the rate of one per assembly segment. Officers of Income Tax engaged by Investigation Directorate of the Department were exempted. To meet out the shortage in some districts, State Government Officers of Treasuries and Accounts/Finance Department were permitted by the ECI to be drafted as Assistant Expenditure Observers. It was ensured that no Assistant Expenditure Observer was appointed in an Assembly Segment of any Parliamentary Constituency wherein either his work place or native is located

(III) Flying Squads :

13.2.4 Flying squads were formed for monitoring and stopping illegal spending of money. The District Election Officers constituted 3 or more such squads for each Assembly segment of all Parliamentary Constituencies. One Senior Executive Magistrate headed each flying squad. Other officials in a squad were one Senior Police officer, one videographer and 3-4 armed police personnel. The team was provided with a separate vehicle, video camera and panchnama documents required at the time of effecting seizures of cash, liquor, non-cash articles, etc., meant for bribing the voters. These teams started functioning from the date of announcement of election and were in operation till the completion of poll. The names and mobile numbers of the officers and magistrates as head of the team were provided to the Complaint Centre. Whenever a complaint regarding distribution of cash or liquor or any other item was received, the flying squads rushed to the spot immediately, gathered necessary evidence, seized the items of bribe and recorded statement of the witnesses and persons. The Flying Squad shall (a) attend to all model code of conduct violations and related complaints; (b) attend to all complaints of threat, intimidation, movement of antisocial elements, liquor, arms and ammunition and large sum of cash for the purpose of bribing of electors etc.; (c) attend to all complaints regarding election expenditure incurred or authorized by the candidates / political party; (d) videograph with the help of Video Surveillance Team (VST), all major rallies, public meetings or other major expenses made by the political parties after the announcement of election by the Commission.

(IV) Static Surveillance Teams:

13.2.5 Static Surveillance Teams were the second structure put in place to keep in check the attempts of illegal spending. For each Assembly Segment of a PC, 3 or more teams were formed by the DEOs. The composition of the team was one Executive Magistrate with 3-4 police personnel. The surveillance team would put up check posts on major /arterial roads for watching movement of cash, illegal liquor, any suspicious items or arms being carried inside the constituency limits. In case of checking vehicles, the whole process would be videographed. They were put in the form of mobile check posts right from the date of notification. Unexplained cash found without proper documents and carried by any person was suspected as meant for bribing the voters and on that account seized and actions were initiated under the relevant provisions of law. The whole event of checking and seizure was videographed and the team would submit a copy of the video CD to the Assistant Expenditure Observer. In consultation with the Assistant Expenditure Observer, the placement of these teams was worked out. First Information Report was lodged immediately against the persons from whom any seizure was made. The cash seized, if linked to potential bribing, was deposited in the State Treasury within 24 hours. Otherwise, cash was handed over to the Income Tax Department for further action.

13.2.6 Public/Political Parties were informed through media about the formation and functioning of the Surveillance Teams. An appeal was made by all the District Election Officers

requesting the people not to carry huge cash during elections. In case of necessity for carrying cash, one was to carry proper documents when required also to explain the source and end use. In order to avoid inconvenience to the public and genuine persons and also for redressal of their grievances, if any, a committee shall be formed comprising three officers of the District, namely, (i) CEO, Zila Parishad/CDO/PD, DRDA (ii) Nodal Officer of Expenditure Monitoring in the District Election Office (Convenor) and (iii) District Treasury Officer.

13.2.7 All the vehicles, used by SSTs and FSs were fitted with GPRS enabled tracking units so that timely action by the teams were monitored during elections .

(V) Video Surveillance Teams:

13.2.8 One or more properly trained and oriented video surveillance teams for every Assembly segment of each Parliamentary Constituency were deployed to capture all expenditure related events and evidences. Each team consisted of minimum one officer and one videographer. Whenever the Expenditure Observer recommended for more teams in any Assembly Segment, the number was increased. The Assistant Expenditure Observer personally supervised the video coverage of events. Whenever there was more than one event in the same station, separate teams were deployed to cover each procession/rally.

13.2.9 In the beginning, the team would record in voice mode, the title and the type of event, date, place and name of the party and candidate organizing the event. The team captures the whole event in such a way that the evidences of each vehicle, its make and registration number, furniture, rostrum, banners, cut-outs, etc can be clearly seen and expenses thereon could be estimated. At times, statements of drivers and passengers were also recorded to prove that the vehicle was used for election purpose. The videographer also recorded his voice while shooting the number, type of vehicles, chairs, etc. used in the event for enabling the video viewing team, another expenditure monitoring agency, to cross check with reference to the visuals and estimate the expenditure of the event. They also recorded the speeches of speakers and other events to monitor whether any Model Code of Conduct violation took place. This team prepared cue-sheet at the time of recording and gave the same to the video viewing team along with the recorded CD. The cue-sheet enabled locating evidence available in the CD at a glance.

(VI) Video Viewing Teams:

13.2.10 There was one team for each Assembly Segment consisting of one officer with two assistants/clerks. This team viewed the video CDs prepared by the surveillance teams on daily basis for identifying expenditure and Model Code of Conduct related issues. On the same day, this team would submit its report related to expenditure to the Accounting Team/Assistant Expenditure Observer. In expenditure related reports, the registration number of all the vehicles and its make, size of the dias, the number of chairs, size of text, size and number of cut-outs and all other items of expenditure captured in the video reports/observations relating to Model Code of Conduct were submitted by this team to the General Observer/Returning Officer.

(VII) Accounting teams:

13.2.11 Accounting Teams were formed one for each Assembly Segment with one officer and one Assistant/Clerk. The personnel for these teams were drafted from the accounts branches of various Departments/Public Sector Undertakings. These teams were formed to work under the guidance of the Assistant Expenditure Observer in maintaining Shadow Observation Register/ Folder of Evidence for each candidate of the assembly segment. The team would enter the items of expenditure reported, put the notified rates against each item and calculate the total expenditure on the item for each candidate.

13.2.12 The Accounting Team and the Assistant Expenditure Observer, based on the rates of expenditure, calculated total expenditure based on the video evidences given by the Viewing Teams and made entries into Shadow Observation Register for the candidates concerned. This was compared with the candidates' registers produced before the Expenditure Observer for verification. Any suppression/omission was pointed out to the candidates concerned in writing by the Returning Officer within 24 hours for corrective measures.

13.2.13 The Returning Officer has to ensure that all expenditure of the election campaign materials used after filing of nomination was also included in the Shadow Observation Register, though the payment for it might have been made before filing of nomination. Similarly the expenditure on rally or procession taken in connection with filing of nomination was also shown as part of the Election Expenditure.

(VIII) Expenditure Monitoring Cell:

13.2.14 The DEOs were directed to appoint Nodal Officers for their district such persons who were in the cadre of SDM/ADM and had accounting knowledge. Various Squads/Teams and the Nodal Officer constituted District Expenditure Monitoring Cell. At State level in the CEO's office a Nodal Officer, in the rank of Jt.CEO, coordinated with the ECI, DEOs and other enforcement agencies and also organized training programs for the officials drafted for election expenditure monitoring.

13.2.15 Details of various teams that were constituted for Election Expenditure Monitoring are furnished in **Annex 13.1** and **Annex 13.2**. This brings out the total seizures made during the entire election period.

13.3 Tracking of Candidates' Election Expenditure

13.3.1 Though as per ECI mandate each candidate is to maintain accounts of day to day election expenditure and submit consolidated accounts for scrutiny within 30 days from the date of declaration of results, monitoring is to be done on regular basis during the campaign period for it to be of any use. After the campaign is over it will be very difficult to get any evidence of any expenditure left out in the statement of accounts submitted by the candidate. Therefore various

steps were taken based on the comprehensive guidelines of the ECI to regulate expenditure of the contesting candidates as follows:

(i) Maintenance of Shadow Observation Register and Folder of Evidence:

13.3.2 The Accounting Team maintained “Shadow Observation Register” for each candidate on the basis of the observation of expenditure as captured by various teams/reports of expenditure monitoring cell. This register was helpful in cross checking items of major expenses incurred by the candidate. An Assistant Expenditure Observer daily inspected the Shadow Observation Register for each candidate to ensure that all expenditure reported by different teams of expenditure monitoring were entered in the register. In the case of any discrepancy it was immediately reported to the Expenditure Observer.

13.3.3 Similarly, the Accounting Team also maintained the “Folder of Evidence” along with the Shadow Observation Register for each contesting candidate. The accounting teams got information on daily basis from the video surveillance teams, video viewing teams, media certification and monitoring teams, surveillance teams and flying squads. All evidences collected against any expenditure entered in the Shadow Observation Register was kept in this folder and cross referenced with it. This folder included video/audio CDs, copies of posters, pamphlets, etc., newspaper advertisements and paid news cuttings, copies of bills and vouchers, copies of reports made by the various officers regarding expenditure, copies of documents submitted by the candidate, copies of complaints relating to expenditure and enquiry reports on these complaints, the notice issued to two categories by the Returning Officer relating to expenditure tracking and the replies received, first information report filed relating to expenditure of the candidate, etc.

13.3.4 As per the directions of the ECI, the Shadow Observation Register was to be shown to the candidates or his representatives or any Member of the public. If the expenditure reported by the candidate was found less than the amount mentioned in the Shadow Observation Register it was brought to the notice of the candidate or his representative at the time of inspection in writing in the register itself under the signature of Expenditure Observer. Copies of the notices and replies received from the candidate or his election agent were kept in the Shadow Observation Register. Replies received if any, were marked to Expenditure Observer and the District Election Officer for forming opinion about the truthfulness of the account of expenditure submitted by the candidates after the declaration of results.

(ii) Monitoring of Public Meeting, Rallies, etc:

13.3.5 Permission for a public meeting or a rally was given only when the candidate or his representative would apply for it along with expenditure plan. A single window system for giving such permission was set up in each constituency, so that the candidates could be given permission quickly without harassment. The accounting team would calculate separately the expenditure in each of such public meetings or rallies on the basis of notified rates and evidences which were collected by way of photographs, video recording and statements.

(iii) Expenditure on Travel Expenses of Star Campaigners:

13.3.6 The expenditure incurred by the leaders of a political party (Star Campaigners) on account of travel by air or by any other means has been exempted from being treated as expenditure incurred or authorized by a candidate as per section 77 of the R.P. Act 1951. In the event of public rally or meeting by the Star campaigner, if the candidate or his election agent shared the dais with the star campaigner, or if the Star Campaigner campaigned in favour of the Candidate by name, or if in any other way the candidate could be identified, then the entire expenditure on that rally, other than the travel expenses of the star campaigner, was added to the candidate's expenses. When there were more than one candidate sharing the dais or displaying banners/posters with their names in rally/meeting then the expenses on such rally /meeting was equally divided among all candidates. **Annex 13.3** lists the parties which availed the facility of star campaigners.

(iv) Standard Operating Procedure (SOP) for checking of Helicopters/Private Air Crafts:

13.3.7 As per ECI directions during election process, all passengers and baggage boarding any air craft/helicopter including commercial/chartered flights were to pass through pre-embarking security check area of operational air ports. The Air Traffic Control (ATC) in commercial air ports informed the CEO and the DEOs in which the air port was located about the Travel Plan of chartered air crafts/helicopters as early as possible. At remote/uncontrolled air ports/helipads the Flying Squads in co-ordination with the pilot of the air craft carried out screening/physical checking of all the baggage coming out of the craft

(v) Monitoring of Printing of Pamphlets, Posters etc:

13.3.8 Strict instructions were given to all printing presses that the addresses of printer and publisher of any election pamphlets, posters and such other material printed by them must be indicated visibly in the print line. As per section 127A(2) of R.P. Act 1951, copies of printed materials and the declaration of the publisher were sent to the District Election Officer by the printer and if it was printed in State capital, then to the Chief Electoral Officer within 3 days of such printing. District Election Officers examined whether the publisher and printer had complied with the requirements of law and directions of the ECI. They also caused one copy to be exhibited on notice board so that all political parties, candidates and other interested persons were able to check whether the requirements of law have been complied with. The Accounting Teams received and kept, in the Shadow Observation Register, the copies of the printed materials along with the statements showing cost.

(vi) Monitoring of use of Vehicles during Electioneering:

13.3.9 As per model code of conduct, contesting candidates were to obtain permits for campaign vehicles from the Returning Officers. These details were given to the accounting teams for inclusion of expenditure on vehicles in the Shadow Observation Register. If any vehicle found

that was used for campaigning without written permission of the Returning Officer, then it was impounded and considered as unauthorized campaigning for the candidates and it attracted penal provision of Section 171H of the Indian Penal code.

(vii) Monitoring of Expenses on Construction of Barricades and Rostrums etc:

13.3.10 In the case of construction of barricades/rostrums, etc., for public meeting/rally addressed by top level political leaders, the expenditure was booked in the name of the candidate in whose favour the leader campaigned. Wherever a group of candidates was present on the dais with the leaders, the expenditure was apportioned equally among them.

(ix) Monitoring of accounts of Self Help Groups, Non-Government Organizations, etc:

13.3.11 Members of Self Help Groups were kept under ECI scanner. Since economic assistance/ revolving fund to these groups were being channelized through the DRDA, District Election Officers monitored them closely, collecting daily report of SHGs and NGOs activities and ensured that they were not utilized for distribution of money/materials.

(x) Monitoring of Production, Storage and Distribution of Liquor during Elections:

13.3.12 As per the directions of the ECI, the production, off-take, stock limits of licensed stockiest, daily receipt and off-take of retail outlets and opening and closing of liquor vending shops were closely monitored with reference to the corresponding figures of previous year. Intensive vigil over inter-state movement of vehicles at RTO check-posts and border check-posts by enforcement staff of State Excise Department was also insisted on by the Commission.

(xi) Monitoring of Cash Withdrawal from Banks:

13.3.13 Election Commission of India mandated that all banks should submit, to the District Election Officers, a daily report on suspicious withdrawal of cash in a day exceeding Rs. 1.00 lakhs from bank account of any individual person during election process. In case any suspicious nature of withdrawal of large amount (Rs. 10 lakh and above) was noticed suitable action was taken and the information was passed on to the Assistant Expenditure Observer / Deputy Director of IT concerned for necessary action under IT laws.

13.4 Submission of Election Accounts.

13.4.1 Section 78 of the Representation of People Act, 1951 binds every candidate to lodging within 30 days from the date of declaration of results, true account of election expenses maintained u/s.77 of the said Act. The accounts are to be lodged with the District Election Officer. Election Commission of India has prescribed the following measures to ensure that the accounts are maintained in a true and fair manner.

(i) Separate Bank Account by each Candidate for Election Expenditure:

13.4.2 Each candidate was required to open a separate bank account pertaining to his/her election expenditure to facilitate effective monitoring of it. All money to be spent on electioneering had to be deposited in this bank account irrespective of its funding from any source, including candidate's own fund. A certified copy of the account statement of the above bank account was to be given by the candidate to the District Election Officer along with statement of account of expenditure at the time of filing of the abstract statement after declaration of results. The bank account was opened either in the name of the candidate or in the joint name with his election agent. The bank account was not opened in the joint name with any family members of the candidate if he/she was not election agent of the candidate. The existing bank account of the candidate was not to be used for this purpose.

(ii) Register of Election Expenditure:

13.4.3 Each candidate was required to maintain day to day account of his election expenditure in the prescribed register. Candidates submitted this register for inspection by the Expenditure Observer at least three times during the campaign period.

(iii) Register of Day to Day Accounts:

13.4.4 This register meant for entire election expenditure was required to be filled up by the candidate/his election agent date-wise on day to day basis. The value of goods and services in kind received from any sources and used for electioneering of a candidate were also to be mentioned. This register contained entire election expenditure incurred by the candidate/ the party / any other persons. Regarding source for such expenses, any amount incurred / authorized by the candidates from his own fund was mentioned in the relevant column. The amount received from the political party or incurred or authorized by the political party either in cash or in kind was mentioned in the column meant for the purpose. from this account. Details of deposits, withdrawal and daily balance were entered in respective columns of the bank register.

(vi) Inspection of Election Expenditure Register:

13.4.7 Candidates were required to produce election expenditure register either in person or through his election agent or any other person duly authorized by him, before the Expenditure Observer/designated officer, for inspection three times during the campaign period. On the dates fixed for inspection of register of a candidate, the Assistant Expenditure Observer concerned was present along with the Shadow Observation Register and Folder of Evidences. In case of failure for production of Expenditure Register for inspection by the candidate on the day fixed for the purpose, notice was given by the RO informing that if the candidate fails again to produce the register for inspection it would be presumed that the candidate failed to maintain day to day account of his election expenditure as required under section 77 of R.P. Act 1951. In case of failure of the candidate to produce the register of election expenditure for inspection, a complaint u/s. 171 I of the Indian Penal Code was to be filed. All such political parties shall submit the report to CEO in Format C-5 that they have fulfilled the requirements of Supreme Court directions. The above mentioned procedure was followed in the recently concluded General Elections to Lok Sabha, 2019 and Bye Elections to Tamil Nadu Legislative Assembly 2019.

(x) Scrutiny of Statement of accounts and DEOs' report to the Commission:

13.4.12 Scrutiny of accounts was done by the District Election Officer to determine whether the accounts submitted by the candidate was the true account of his election expenditure or whether the candidate had hidden or undervalued some part of his election expenditure. The Expenditure Observer, the Assistant Expenditure Observer and the Nodal Officer of the expenditure monitoring cell helped the DEOs in the examination of accounts and preparation of their reports to the commission in the modified form. The Shadow Observation Register and the Folder of Evidence were taken into account while examining the accounts and forwarding the DEOs reports to the Commission. The account of expenditure submitted by the candidates was compared with the Shadow Observation Register. All notices issued earlier to the candidates or his election agent and replies received were considered as evidence during scrutiny of accounts by the District Election Officer. All remarks made by the Observer or any other officer in the Shadow Observation Register or any other authorized document were taken into consideration while scrutinizing the correctness of the accounts of election. Chapter 14.

LAW AND ORDER AND BANDOBUST PLAN

14.0.1. Maintenance of Law and Order is one of the most important functions performed by any Government. In the Indian context, it is the States which, under the Constitution, are responsible for the maintenance of public order. Law and Order (L&O) maintenance is a pre-requisite for peaceful, free and fair Elections. Therefore, the Election Commission of India has been taking various extra measures all these years to ensure successful conduct of peaceful poll through maintenance of L&O situation during General Elections/Bye-Elections. At the time of elections, maintenance of law and order for ensuring peaceful, free and fair poll also includes provision of due protection and security to the election officers, polling personnel and polling materials as well as to the candidates, leaders of political parties and other important functionaries in each constituency.

14.0.2. The Election Commission of India, being deeply aware of increasing role of criminality and muscle power during elections, has been taking a number of initiatives over and above normal L&O arrangement taken for ensuring free and fair elections. Deployment of Central Armed Police Forces during the process of elections to assist the State L&O machinery in prevention of Pre-Poll, Poll and Post-Poll violence and inspiring confidence in the impartiality of election machinery among the common electorate, regulation of vehicular traffic, regulation and ban on the sale of liquor in close proximity with the dates of poll and counting, seizure of illicit arms, etc. are some of the strategies of ECI. These extra measures being taken by the Commission are implemented through the normal L&O machinery of the State, which enables creation of a conducive atmosphere both during the run up to the polls and actual polls.

14.0.3. Based on the general guidelines of ECI, the State L&O and Bandobust Plan for the conduct of the General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019 was drafted with a bottom-up approach. While broad parameters of deployment were given by CEO's office in consultation with the DGP, detailed plans were prepared by the DEOs in coordination with the police authorities in the district (Commissioners of Police/ Superintendents of Police). The Law & Order machinery deployed during the elections involved State Regular Police, State Armed Reserves, Tamil Nadu Special Police, Central Armed Police Forces (CAPF) and Non-Police Personnel such as Home Guards, Fire man, Forest Guards, NSS Volunteers, Ex-servicemen and Retired Police Personnel.

14.1 Personnel:-

i) State Police Personnel:

14.1.1. The primary responsibility for maintaining law and order and creation of conducive atmosphere for conduct of election, lies with the police officers and police personnel at

Constituency, District and State level. Hence, all police officers and police personnel starting with the Director General of Police down to Inspectors, Sub-Inspectors, Assistant Sub-Inspectors, Head Constables and Constables (including home guards, ex-servicemen etc.) became, by law, officers of the Commission being on deputation to it and being subject to its control, superintendence and discipline and were answerable to the Commission during the General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019. Necessary notification for the same was issued by the Home Department of Government of Tamil Nadu under section 28A of the Representation of People Act, 1951.

14.1.2. The Director General of Police had reported that the total strength of police personnel available in the State as 1,13,006 consisting of regular police for General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019 as follows:

Table No.14A

ii) Non-Police Personnel Deployment

14.2.3. The deployment of non-police personnel was based on the following parameters:

- a) Non-Police Personnel should be deployed only in Polling Stations.
- b) They should be deployed in all the Polling Stations which are not covered by Police personnel.

iii) CAPF Deployment

14.2.4. In contrast to other states where CAPF is used more on static duty at polling stations, in Tamil Nadu the forces were deployed with zonal parties so as to maximize the number of polling stations which they could cover.

14.2.5. While the forces were allocated to the districts as per the norms, the deployment of forces in different Assembly Segments of each Assembly Constituency and at various polling stations was decided locally based on above the parameters and local conditions. Some of the important parameters which affected force deployment are number of polling Stations, the existence of vulnerable habitats, the availability of State Police Force including Non-Police Personnel, deployment of Central Armed Police Force, etc. In the entire State, out of

30,109 polling station locations 7,175 were identified as critical polling station (including vulnerable polling stations). The details are given in **Annexure 14.2**.

14.2.6. District-wise Force Deployment Plan for election duty (including that of Central Armed Police Force, State Police and all other type of Uniformed Forces) was prepared by the DEOs and the SPs concerned. In connection with vulnerability mapping, Superintendent of Police gave their suggestions/observations on the basis of the inputs available with them. Deployment plan finalized on the above lines was not unilaterally altered or modified without consultation of Observers. While reiterating that all the instructions of the Commission with regard to deployment of CAPF and denomination of forces should be strictly followed at every stage, it was made clear by the Commission that this exercise would in no way dilute the responsibility of the District Administration in ensuring proper law and order and security during the entire process of General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019.

14.3. Important Initiatives:-

14.3.1. As in the case of previous elections a number of steps were taken to ensure that the poll was free, fair and peaceful. Some of them are:

i) Persons with History of Electoral and Criminal Offences under Close Watch

14.3.2. Persons who have criminal antecedents and who have been known in past to have indulged in electoral offences come under special watch during elections. Some of the steps taken are:

- i) Compilation of list of persons, in respect of each Assembly Constituency, reported to have indulged in electoral offences like intimidation, impersonation, etc., during the past at least two elections.
- ii) Updating the list of history sheeters, declared absconders, fugitive criminals falling in every Assembly Constituency.
- iii) Execution of all pending warrants and challans in respect of each and every Police Station of all Assembly Constituencies.
- iv) Investigation and prosecution of all Electoral Offences registered during previous Elections in each Police Station.

ii) Scanning of Liquor Sales

14.3.3. Total ban on illicit liquor was enforced and close monitoring of legal liquor business was done. Daily reporting on production, wholesale stock and retail sales were monitored. Any abnormal sales or stocks were followed up with enquiry. Bulk sales of liquor or sale without cash memo from shops were stopped. Further, 48 hours before close of polls was declared as dry day, till the midnight on the day of poll. Similarly dry day declaration was made on counting day also.

iii) Regulation of Arms

14.3.4 Following regulations were put in place regarding monitoring of arms:

- i) Ban under section 144 of Cr.PC on carrying of licensed arms immediately after the announcement of General Elections to Lok Sabha and Bye-elections to Tamil Nadu Legislative Assembly, 2019.
- ii) 100 % scrutiny of licences of arms and ammunition shops to ensure that the records of their stocks are kept up-to-date and close super checking of their antecedents, recent involvement in irregularities, if any, and political leanings, if any, in addition to monitoring of their business during the days of active electioneering.
- iii) Ban on issue of licence for arms during the period commencing with the date of announcement till the completion of the Elections.
- iv) Unearthing of unlicensed arms and places of indigenous manufacture of arms and ammunitions and checking of inter-State and intra-State movements of trucks and commercial vehicles to prevent smuggling of arms and ammunition and anti-social elements.
- v) Detailed and individual review of all licences, immediately after the announcement of elections, with a focus on following category of people:
 - (a) Arms licences of persons released on bail
 - (b) Arms licences of persons having a history of criminal offences, and
 - (c) Arms licences of persons previously involved in rioting, particularly during the Election period.

Based on the review, the Committee formed for the review, also ordered deposit of licensed arms in specific cases where it was felt that the persons need not carry arms for during the election period.

- vi) Thorough checking of lorries, light vehicles and all other vehicles from 3 days before the date of poll, to ensure that no undesirable elements or arms and ammunition were transported into the constituency.

iv) Confidence building Measures

14.3.5. Following confidence building measures were undertaken to ensure that people have the confidence that they would be able to vote in a free and fair manner:

- i) Vulnerable habitats were put under close watch of the zonal officers who kept tab on the persons from whom threat perceptions were high. The CAPF forces were also attached to the zonal parties who too took rounds of all the vulnerable areas.
- ii) Police pickets were established wherever necessary to ensure free access to all voters to cast their votes without fear.
- iii) Even on the poll day, zonal officers kept a tab on the polling percentage from the vulnerable habitats, and if any abnormal pattern was witnessed, they followed up with a visit to such locations to find out reasons for low polling and restore normalcy, if any untoward reason was witnessed.

v) Zonal (Sector) Officers and Preparation of Zonal (Sector) Maps

14.3.6. The Zonal (Sector) Officers were responsible for preparing election plan for the zones under their charge. The Zonal Officers did a physical check, at the time of first visit to their respective zones, of the Zonal (route) Maps and the Polling Stations falling under them and got the maps prepared for taking polls. Alternate routes to particular Polling Stations were also identified for any emergency or contingency, for example, a sudden damage in the connecting bridge en-route. Samples of such Zonal maps are given in **Annexure 14.3**. During their second visit the Zonal (Sector) Officers covered the hinterland of their Polling Stations, contacted the voters and did their vulnerability mapping and identified helpful as well as anti-social elements, Polling Station wise and hamlet wise. Later when the Central Police Force arrived, the Zonal Officer accompanied (third visit) the Police Mobile Force for their area familiarization and area domination in an organized manner.

vi) Forty Eight hours before the close of poll

14.3.7. While the public campaigning came to close forty-eight hours before close of poll, but door to door campaigning was permitted in the poll even till the day of elections.

vii) Poll Day

14.3.8. On the poll day, CAPF were assigned patrolling duty in the allotted zones for guarding of polling stations falling within the zones. CAPF in this connection were provided with zonal route maps (sketch) of each zone/route which was under their charge, indicating vulnerable locations, their sensitivity gradation, the Zonal(Sector) Officers name and contact numbers, the RO's and Observer's names and contact numbers, etc. The static police duty had come to the polling stations one day earlier and stayed till polled EVMs were collected. Striking Forces were available with officers from Inspector onwards for taking immediate action on receipt of news of any untoward incident.

viii) Post Poll

14.3.9. After the poll was over, the polled EVMs were escorted by CAPF contingents to the designated reception centres. The CAPF were also assigned the duty of guarding the strong rooms, where the polled EVMs were stored. MEDIA

15.0. Media plays an indispensable role in keeping the spirit of Democracy alive. In the electoral context, the role of media is more of information dissemination as well as “watchdog” role, right from day of announcement of elections by informing the public about the contesting candidates, their self-declaration made in the affidavits filed during nomination to the declaration of results.

The important role played by the media in the electoral context includes;

- Educating voters on how to exercise their democratic rights;
- Reporting on the election campaign related issues;
- Providing a platform for the political parties and candidates to communicate their message to the electorate;
- Providing a platform for the public to communicate their concerns, opinions, and needs, to the parties/candidates.
- Highlighting and facilitating the political parties and candidates to debate on important public issues.
- Reporting timely results
- Ensuring transparency and giving confidence to the electors in the whole election management process.
- Facilitating timely information to the electoral machinery for ensuring a level playing field.

Hence the Media plays an important role as the biggest partner to Election Machinery in ensuring the conduct of free and fair elections, in addition to being a partner in SVEEP activities.

15.1. Publicity

Dissemination of information to the electors through the media was given prime importance. Realizing the importance of communication through media, regular press conferences were conducted and press releases were given new initiatives, latest ECI instructions and efforts taken to conduct free and fair elections in the State. Print and Electronic media were used as a partner to educate, motivate and inform voters. Audio/ Video materials and Video bytes of star icons and informative awareness posters were uploaded on you-tube and face book and “memes” on importance of voting to attract the citizens and young electors in Twitter pages of Chief Electoral Officer and also through other channels of mass media.

Doordarshan Kendra and All India Radio rendered a commendable support to CEO's office, Chennai by telecasting the SVEEP awareness songs, short films and video bytes of star icons provided by CEO's Office. In addition to that, Interviews/ Discussion with CEO on the various aspect of conduct of the General Elections to Lok Sabha, 2019 were telecast in Government owned and Private TV Channels. Wide publicity was given on the Voter Helpline No.1950 and functioning of EVM-VVPAT.

Private FM channels like Big FM, Hello FM, Radio Mirchi, Suryan FM and Fever FM also participated in electoral activities and contributed significantly.

15.2. Press Meets

In addition to the regular interaction with the press during the preparatory stages of election, right from the date of announcement of General Elections to Lok Sabha, 2019 regular Press Meets were conducted and press releases were given in respect of various elections related subjects with a view to ensure greater transparency of electoral activities. 15.6. Media Centre :-

Based on the instructions of Election Commission of India, a Media centre was formed under the control of DIPR so as to monitor the television channels during the period when the campaign activities are prohibited and to report the events on pre-poll day and on poll day to the Election Commission of India. The reporting on poll events to the Commission was done in a format as prescribed by the Commission once in two hours, on pre-poll day and poll day. The report covered the events of seizure of money and materials, violent incidents etc., as reported in the television channels. This helped the election machinery to have close watch on the Law and order issues on the days of pre-poll and poll day.

15.7. Challenges faced:-

In Tamil Nadu, some of the major political parties have their own Media Channels. They used to take out their campaign activities round the clock during the elections in the name of NEWS events. These channels were telecasting campaign activities in the guise of news and were telecasting the incidence relating to their party campaigns on a continuous basis. It was therefore very difficult to ensure control over these channels and as a result the level playing field of campaigning for all the contesting candidates was affected.

Chapter 16

Communication Plan

16.1 In every election a detailed communication plan is prepared which enables detailed communication between different authorities and levels, seamlessly and without hassles. Communication Plan is a working document and is updated periodically. It acts as a proactive measure to ensure that everyone has the right information in time. The plan describes who produces each type of communication and how frequently it gets updated or distributed. Since Communication Plan explains how to communicate the right message, from the right communicator, to the right audience, through right channel, at the right time, the Election Commission of India considered that establishing a proper communication set up is very crucial during the election process, particularly on the day of poll. Therefore the ECI rolled out a communication plan for election tracking during the last General Elections to Lok Sabha, in the year 2019. Further improvements in the communication system are taking place through innovative attempts either based on the ECI directions or by the IT wing of the office of the CEO.

16.2 Issues of concern on the day of poll, such as i) arrival of polling party at the polling stations, ii) arrival of polling agents at the polling stations and their numbers, iii) commencement of poll after mock poll, iv) checking violations of model code of conduct, v) handling law and order issues, vi) redressal of complaints, vii) handling obstructions to poll process due to technical reasons, viii) gathering statistical information like poll percentage and ix) departure of polling parties after the poll were identified in anticipation and appropriate communication plan was designed for troubleshooting by linking the following channels in each district.

- Polling Stations
- Zonal Officers
- Police Stations
- Asst. Returning Officers
- Returning Officers
- District Election Officers
- Police Authorities
- Central Police Force
- Observers

16.3 Election Commission of India and the office of the CEO also were to have access to the above locations. To achieve this, a 3-tier Plan linking polling stations, ROs' and DEOs' offices were set in place. All available modern tools of communication such as Mobile Phones, Landline Phones, Wireless etc., were used. On the above mentioned lines, the communication plan was prepared linking all such numbers right from the polling station to the office of the CEO. Following numbers were collected for communication plan:

- Mobile Phone numbers of the Presiding Officers and all Polling Officers
- Mobile Phone numbers of BLOs
- Phone numbers of Individuals staying near the Polling stations
- Phone numbers of Zonal Officers
- Phone numbers of Police Stations
- Phone numbers of RO, ARO, DSP
- Phone numbers of SP, ADSP, COP, Dy COP

16.4 Following were the additional precautionary steps taken well in advance:

- i) Instructions regarding precise questions and crisp answers on the communication network to avoid jamming of lines were issued,
- ii) Alternate arrangements were made for shadow areas of mobile network and
- iii) Mobile and Telephone Authorities were kept on alert to avoid any breakdowns especially in the landline service.

Article 324 (6) of the Constitution of India and Section 20B of the Representation of the people Act, 1951 vest the powers with the Election Commission of India for appointment and deployment of adequate number of Observers to assist the Commission in discharging its Constitutional responsibilities for the Superintendence, direction and control of the process of General Elections to Parliament and Legislative Assemblies.

The Election Commission of India appoints senior officers of the Government from IAS, IPS, IRS and IC & CEs as General Observers, Police Observers, Expenditure Observers, and Special Expenditure Observers.

Accordingly, 40 General Observers and 22 General Observers were deployed to monitor and supervise the General Elections to Lok Sabha and Bye Elections to Tamil Nadu Legislative Assembly 2019 from 22 Assembly Constituencies respectively. The details of the same are given in **Annexure 18.1**. 21 Police Observers were appointed at the rate of one per two Parliamentary Constituencies. The details are given in **Annexure 18.2**. Totally 82 Expenditure Observers were appointed to monitor and scrutinize the Expenditure incurred by the contested candidate during General Elections to Lok Sabha and Bye Elections to Tamil Nadu Legislative Assembly 2019 from 22 Assembly Constituencies respectively. The details are given in **Annexure 18.3**.

The General Observers reached their respective constituencies positively by the last day of scrutiny of nomination papers of the contesting candidates and remained in the constituencies till the poll was over. The Expenditure Observers were present in the constituency along with the General Observers. During their presence, both General and Expenditure Observers effectively monitored strict enforcement of model code of conduct by the contesting candidates as well as political parties and implementation of expenditure guidelines to ensure that there was no violation of model code. The lists of General and Expenditure Observers are appended. The Police Observer monitored the steps being taken by the law and order machinery to have a free and fair poll. The Special Observer deployed to undertake a comprehensive review of poll-preparedness with particular reference to election expenditure monitoring for the General Elections to Lok Sabha and Bye Elections to 22 Assembly Constituencies from Tamil Nadu Legislative Assembly, 2019.

Counting Observers

The Election Commission of India also appointed 80 Counting Observers to supervise the counting process and also declaration of results. The details are given in **Annexure 18.4**

These Observers ensured that the counting process was in conformity with the guidelines and instructions issued by the Commission. They satisfied themselves about the fairness of counting of votes and accuracy of compilation of results.

Appointment of Micro Observers

The Election Commission of India, in its letters No.464/OBS/ Misc/2008/PLN-I, dated: 27-5-2008 and No.464/INST/2008/EPS, dated 21-1-2009 has directed to deploy Micro Observers from the officers / officials of the Government of India from different offices. The Election Commission has prescribed detailed guidelines and a checklist in this regard. The District Election Officers prepared a list of polling stations under the supervision of General observers where these Micro Observers would be deployed. Such polling stations were short listed on the basis of various factors which contributed to the vulnerability of the voters. Such factors, for example, domination of one social group over the other, inaccessibility of the area, previous history of violence, etc. were taken into consideration while undertaking the vulnerability mapping in the district as per the extant instructions of the Commission. It was ensured that every sensitive polling station had either CAPF or micro-observer or web-camera installed. Totally, 7,752 Micro Observers were deployed during the General Elections to Lok Sabha, 2019. The details of micro-observers deployed are given in **Annexure 18.5**.

On poll day, these Micro Observers ensured the strict observance of Election Commission of India's instructions regarding mock poll procedures, conduct of polling agents, proper identification of electors, secrecy of voting, application of indelible ink, maintenance of Form 17-A etc. As per instructions, they kept the observers informed of any violation in conduct of poll.

Micro Observers for counting

The Election Commission of India in its Letter No.464/INST/2009 EPS, dated: 18.03.2009 has stated that there would be one Central Government official on every counting table as Counting Micro Observer for counting purpose, for checking and ensuring the purity of counting process. Totally, 4,279 Micro Observers were deployed for the General Elections to Lok Sabha, 2019. The details of micro-observers deployed are given in **Annexure 18.6**. The Micro Observers were trained by the District Election Officers /Observers on different aspects of the counting process, besides operation of EVMs and their functions. The Micro Observer's basic responsibility was to ensure that the results at each polling station were correctly tabulated.

The Counting Observer may deploy an additional Micro Observer for each of the Counting Halls under the observer to undertake the random parallel checking of any two EVMs / tables in every round of counting and to report to the Observer, to get themselves satisfied about the fairness of counting of votes and accuracy of compilation of results. The deployment of Counting Micro Observers at the level of each counting table and for parallel checking of randomly selected two EVMs at the end of each round of counting has completed the whole process of conducting free and fair poll.

Expenditure on elections is divided into two broad categories viz. i) Expenditure by the Government (Central/State/both) and ii) Expenditure by contesting candidate/the political party. While expenditure by candidates has been dealt in Chapter 13, this chapter deals with expenditure incurred by Government in the conduct of elections.

Government of India and the State Government bear the expenditure on elections either individually or equally depending upon the election whether it is for Lok Sabha/Legislative Assembly or simultaneous elections for both Lok Sabha and Legislative Assembly. The expenditure for Lok Sabha Elections is borne entirely by the Central Government. In the case of Assembly Elections, it is met out by the State Government and if it is simultaneous elections, the expenditure is shared equally by both Governments. Also common items like salary of regular staff and expenditure related to rolls/ EPIC is shared by the Central Government and the State Government equally.

However, the State Government bears the entire expenditure for Law and Order maintenance during the entire period of election, either for Lok Sabha or for Legislative Assembly or for both simultaneously, in as much as the Constitution has stipulated "Public Order" as State subject.

Following are some of the essential elements of expenditure under which expenditure is incurred during elections:-

- i) Preparation of Electoral Rolls
- ii) Printing and distribution of EPICs
- iii) Implementation of SVEEP and Celebration of National Voters Day, Advertisement and Publicity
- iv) Expenditure Control Mechanism, including various Teams/Committees such as (a) Flying Squads (b) Video Surveillance Teams (c) Static Surveillance Teams (d) Video Viewing Teams (e) Accounting Teams (f) Media Certification and Monitoring Committee (g) Call Centre and Control Room h) Expenditure Observers i) Assistant Expenditure Observers
- v) Videography of significant events/incidents; Videography/ Web casting on the day of poll
- vi) Polling Personnel Training
- vii) Polling Personnel, including Zonal Officers, Polling Station officials, Counting Personnel, Ex-servicemen, retired Police Personnel and NSS volunteers

- viii) Honorarium to Regular Staff
- ix) Motor Vehicles maintenance, cost of POL, Batta for Drivers
- x) Supply of Election Materials, including ballot paper printing and distribution, and printing of forms & stationeries
- xi) EVM FLC and Preparation
- xii) Telephone charges (including expenditure on casual, temporary line and cell phones provided to Returning Officers / Observers and Officers in Public (Elections) Department.), communication infrastructure and network (such as leased lines and broadbands)
- xiii) Travel expenses
- xiv) Salaries and allowances of Special Staff for the conduct of General Elections
- xv) Minor Works / Charges for barricading and Lighting arrangements made in the counting centres.
- xvi) Transport charges and hire charges for the vehicles requisitioned for election work.
- xvii) Arrangements at Polling Stations / Counting centres, including ramps
- xviii) Arrangements for Observers
- xix) Security, including for CAPF
- xx) Other contingent expenditure.

The total expenditure incurred as per bills raised so far for General Elections to Lok Sabha 2019 was Rs.461.75 crore, excluding bandobust and security arrangements and the maintenance of law and order. Details of expenditure incurred for critical functions/activities in the districts such as Expenditure monitoring, Polling personnel training, Expenditure on Zonal Officers and other officials, POL / Fuel charges, SVEEP activities, Procurement of election materials and other contingent etc., are furnished in the **Annexure 22.1**. However, the expenditure is likely to go up as and when final bills are presented under various heads.

Conclusion

Conduct of 'DeshkaMahaTyohar' or the 'Nations Great Festival' in May 2019 involved a lot of planning, efforts taken by officers in different strata of the Government, strict enforcements, innovative measures. Every effort pooled in together and monitored by the Chief Electoral Officer in the State and the Election Commission of India has led to the formation of the 17th house of people. Reading through this Narrative Report on the GELS 2019 it is evident that maintenance of a good electoral Roll, effective functioning of EVM, VVPATS & other machinery including the election personnel involved at different levels, consistent surveillance at different sources using technology & Apps enabled the successful conduct of the GELS 2019 and instilled in the minds of the crores of people in TamilNadu on the importance of casting their valuable vote without being influenced by others.

The Election process which combined the involvement of personnel from the State Government and the Central Government was well coordinated by the Chief Electoral Officer in the State and by the Election Commission of India.
